MIRKA AUTONET

Autonet® is developed for the automotive refinishing industry. A combination of high performance and a long lifespan makes it a cost-effective solution.

Product Features	
Properties	Aluminium Oxide
Colour Variations	Grey
Available	Rolls / Long Strips / Short Strips
Minimum Quantity	50
Grit Range	P80 - P400

This product is mainly suitable for automotive refinishing, sanding and paint removal/stripping.

Autonet® Short Strips 70 MM X 198 MM

Description	Part Number
Autonet® Strips 70 MM X 198 MM Grip Grit P80	AE15005080
Autonet® Strips 70 MM X 198 MM Grip Grit P120	AE15005012
Autonet® Strips 70 MM X 198 MM Grip Grit P180	AE15005018
Autonet® Strips 70 MM X 198 MM Grip Grit P240	AE15005025
Autonet® Strips 70 MM X 198 MM Grip Grit P320	AE15005032
Autonet® Strips 70 MM X 198 MM Grip Grit P400	AE15005041

Autonet® Long Strips 70 MM X 420 MM

Description	Part Number
Autonet® Strips 70 MM X 420 MM Grip Grit P80	AE15105080
Autonet® Strips 70 MM X 420 MM Grip Grit P120	AE15105012
Autonet® Strips 70 MM X 420 MM Grip Grit P180	AE15105018
Autonet® Strips 70 MM X 420 MM Grip Grit P240	AE15105025
Autonet® Strips 70 MM X 420 MM Grip Grit P320	AE15105032
Autonet® Strips 70 MM X 420 MM Grip Grit P400	AE15105041

Autonet® Rolls 70 MM X 25 M

Description	Part Number
Autonet® Rolls 70 MM X 25 M Grip Grit P80	AE54100180
Autonet® Rolls 70 MM X 25 M Grip Grit P120	AE54100112
Autonet® Rolls 70 MM X 25 M Grip Grit P180	AE54100118
Autonet® Rolls 70 MM X 25 M Grip Grit P320	AE54100132
Autonet® Rolls 70 MM X 25 M Grip Grit P400	AE5BG001413L

Did you know?

Mirka is the first abrasive company in the world to obtain the three most important quality standards: The ISO 9001 (Quality Assurance System), the ISO 14001 (Environmental Management System) and the OHSAS 18001 (Occupational Health and Safety Management System).

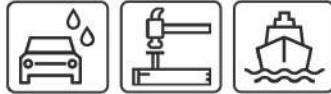

MIRKA GALAXY

Mirka's new innovative Galaxy Abrasive combines effectiveness with efficiency. Superb edge wear resistance and optimal dust extraction makes the Galaxy a multi-purpose product, suitable for the sanding of both soft and hard materials as well as various substrates.

Product Features	
Properties	Ceramic/Aluminium Oxide
Colour Variations	Blue
Available	Multi Hole and No Hole Discs
Minimum Quantity	100
Grit Range	P80 - P2000

This product is mainly suitable for automotive refinishing, wood work and marine production.

Description	Part Number
Galaxy Film Discs 150 MM Multi Hole Grit P80	FY6M109980
Galaxy Film Discs 150 MM Multi Hole Grit P100	FY6M109910
Galaxy Film Discs 150 MM Multi Hole Grit P120	FY6M109912

MIRKA POLARSHINE 35

Polarshine® 35 is a coarse polishing compound developed for demanding Industrial and Marine applications. Suitable for materials such as: Gel coats / High gloss lacquers and composites. The viscosity reduces splashing and makes it user-friendly.

Product Features	
Properties	Coarse Polishing Compound
Colour Variations	White Compound
Available	Polishing Compound – 1L
Minimum Quantity	1
Size	1 Litre

Description	Part Number
Polarshine 35 Polishing Compound 1 Litre	7992810111

This product is mainly suitable for the demanding industrial and marine industry. It is also suitable for gel coats and high gloss lacquer applications.

PRESTA WOOL MOP

The Presta white double-sided wool mop is a heavy-cut compounding pad that effectively removes aggressive sanding scratches. The thick wool brings superior durability and longevity.

Product Features	
Properties	Double-Sided Wool
Colour Variations	White
Available	200 MM Wool Mop 5/8 inch
Minimum Quantity	1
Size	5/8 Inch

Description	Part Number
White Double-Sided 200 MM Wool Mop 5/8 Inch	KAM111

This product is mainly suitable for automotive refinishing, wood work and marine production.

Did you know?

Presta has been specializing in car care products since 1953 and they have earned a solid reputation in the paint and body shop industry.

PRESTA METAL POLISH

The Presta Metal Polish is a detailing product that eliminates surface oxidation, brake dust and oily residue from materials such as: copper/chrome/brass/aluminium/stainless steel and other metals. The special micro-abrasives will neither scratch nor damage metals. Bring your items back to life by giving them a dazzling gloss with the New Presta Metal Polish.

Product Features	
Properties	Liquid Polishing Compound
Colour Variations	Off White
Available	One Size: 473 ML
Minimum Quantity	1
Size	473 ML

Description	Part Number
Presta Metal Polish 473 ML	PRESMET

This product is mainly suitable for household, industrial and vehicle metalwork. Can be used by hand or machine.

HB BODY AEROSOL SPRAY PAINT

Gives a high performance finish with resistance to wheel acid and brake fluid - does not fade or rust.

Description	Part No.
Brake Caliper 400ML Aerosol Spray Paint Red	HB0020A

This product is mainly suitable for the painting of metal objects which are exposed to temperatures up to 300°C.

Heat Super Texture Paint is heat resistant up to 300 Degrees Celcius with excellent coverage.

Description	Part No.
Heat Super Texture Spray Paint Ferrari Red	HB0021A

This product is mainly suitable for the painting of metal objects which are exposed to temperatures up to 300°C.

Heat Super Paint is heat resistant up to 600 Degrees Celcius with excellent coverage. Available in Black / Brown or Silver.

Description	Part No.
Heat Super 400ML Aerosol Spray Paint Black	HB420
Heat Super 400ML Aerosol Spray Paint Brown	HB419
Heat Super 400ML Aerosol Spray Paint Silver	HB418

This product is mainly suitable for the painting of metal objects which are exposed to temperatures up to 600°C.

Quick drying, high gloss acrylic paint with excellent coverage.

Description	Part No.
Metallic Auto + Decorative Spray Paint Silver	HB0018
Metallic Auto + Decorative Spray Paint Gold	HB410
Metallic Auto + Decorative Spray Paint Bronze	HB411
Metallic Auto + Decorative Spray Paint Copper	HB412

This product is mainly suitable for automotive and general decorative use.

Fast drying 1K Black Bumper Paint that is easy to apply and has excellent mechanical resistance.

Description	Part No.
HB Body Bumper Paint Spray Black	HB0022

This product is mainly suitable for restoration of bumpers and plastic panels in the automotive industry.

Fast drying acrylic textured topcoat for use on various surfaces without primer or adhesion promoter.

Description	Part No.
HB Body Bumper Paint Spray Texture Black	HB513A

This product is mainly suitable for use on all plastic surfaces and bumpers for the automotive industry.

HB BODY IRIDA AEROSOL SPRAY PAINT

The Professional HB Body Aerosols are quick-drying with excellent coverage for automotive and general decorative use. This product is easy to use and economical as well as being compliant with all VOC Regulations.

Product Features

Properties	Acrylic Paint
Colour Variations	Variety of RAL Shades
Available	Clear Coat and Standard Irida Colours
Minimum Quantity	1
Size	400 ML

This product is mainly suitable for automotive and general decorative use.

Description	Part Number
HB Irida Spray 1K Clearcoat	HB0014

HB Irida Spray 9006 White Aluminium Silver	HB9006
HB Irida Spray Semi-Gloss Black	HB0015
HB Irida Spray Matt Black	HB0016
HB Irida Spray 9010 Gloss White	HB9010
HB Irida Spray White Flat Matt	HB0017
HB Irida Anticorrosive Primer Grey 969	HB969

AUTOMOTIVE AUXILIARIES / ADD-ONS

A specifically formulated thinner for the fade out of mist on borderline areas during / in case of spot repairs.

Description	Part No.
HB Body 777 Blend-In Thinner	HB777A

This product is mainly suitable for spot repairs and for isolated panel painting.

A mild blend of solvents mainly used on light contaminated small areas of bare or primed surfaces during the cleaning process.

Description	Part No.
HB Body 770 Antisil Normal Degreaser	HB770A

This product is mainly suitable for the cleaning process but should not be used on any solvent sensitive surfaces (plastic or old paint finishes).

AUTOMOTIVE AUXILIARIES / ADD-ONS (CONTINUED)

A special adhesion promoter primer suitable for application on all plastic parts of the car excluding Polyethylene (PE).

Description	Part No.
HB Body Spray 340 Plastofix	HB340A

This product is mainly suitable for exterior plastic automotive parts such as decorative strips / bumpers and more.

HB Body Lens Clear is a specifically designed elastic clear with built in UV protection. This product gives a gloss finish to the front and/or tail lights.

Description	Part No.
HB Body Lens Clear	HB523

This product is mainly suitable for all types of transparent plastic automotive parts.

Excellent transparent 1K Primer. Suitable for various surfaces as well as 2K systems of primers and top coats.

Description	Part No.
HB Body 965 Wash Primer	HB965A

This product is mainly suitable for stainless steel / aluminium or zinc metal surfaces.

One-Component acid cured, adhesion promoter and anticorrosive primer. Suitable for application on all metal surfaces.

Description	Part No.
HB Body 961 1K Etch Primer	HB961A

This product is mainly suitable for aluminium / stainless / galvanised metal surfaces.

HB BODY SPRAY FILL SYSTEM

The Spray Fill Machine is an accurate and hard wearing bottling machine for the filling of pre-charged aerosol spray cans. It is a safe method to produce aerosol cans for topcoats and primers for professional or DIY use.

The Spray Fill System makes use of the Spray Fill and the Spray Fill Converter Hardener. The Spray Fill Can contains universal thinners and propellant gas which is suitable for 1K-2K Primers / Paints and Clear Coats.

The Spray Fill Converter Hardener (sold separately) is a special additive that assists in hardening 2K coating systems through the physical drying process.

Description	Part Number
HB Body Spray Fill Machine	HB200100008
HB Spray Fill Converter Hardener (Sold Separately)	HB801/1
HB Spray Fill Empty Aerosol Can (Sold Separately)	HB0013

These products are mainly suitable for the automotive and DIY Industry.

CAR SYSTEM HAND CLEANER EXTREME AND CAR SYSTEM DISPENSER

The Car System Hand Cleaner Extreme is properly suited for removing paint, oil paints and resins. The Car System Dispenser is sold separately and should be ordered accordingly.

Product Features	
Properties	Cleaning Paste
Colour Variations	Beige
Available	Hand Cleaner Bottle 3 Litre Bulk Bucket
Minimum Quantity	1
Size	3 Litres

Description	Part Number
CS Hand Cleaner Extreme 3 Litres	VOS414
Carsystem Dispenser (Sold Separately)	VOS415

This product is suitable for all industries.

BULLDOG ABRASIVES DOUBLE SIDED FOAM TAPE

Bulldog Abrasives Double-Sided Foam Tape consists of polyethylene foam and an acrylic adhesive. This product is well suited to fix "permanently" due to its high strength - but may also be used for a variety of other applications such as gaskets, bonding, sealing, weather stripping thermal insulation and vibration dampening.

Product Features	
Properties	Polyethylene Foam and Acrylic Adhesive
Colour Variations	Black
Available	1 MM X 12 MM X 15 M Black
Minimum Quantity	1
Size	1 MM X 12 MM X 15 M

Description	Part Number
Double Sided Foam Tape 1 MM X 12 MM X 15 M	S401

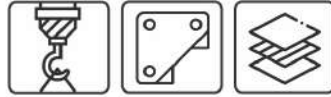

This product is mainly suitable for exterior mounting due to its UV resistance and high strength. It can also be used for thermal insulation and more.

BULLDOG ABRASIVES HEAVY DUTY ADHESIVE TAPE

This Heavy Duty Adhesive Tape is a high-strength, double-sided tape which provides the ability to bond a variety of materials, including: aluminium, steel, glass, ceramic, stone and more.

Product Features	
Properties	Polyethylene Foam and Acrylic Adhesive
Colour Variations	Clear or Grey
Available	Clear and Grey HDA Tape
Minimum Quantity	1
Size	1 MM X 12 MM X 10 M

This product is suitable for any application where bonding is required due to its high-adherence qualities.

Description	Part Number
HDA Tape 1 MM X 12 MM X 10 M Clear	WJC102
HDA Tape 1 MM X 12 MM X 10 M Grey	WJC101

BULLDOG ABRASIVES PVC INSULATION TAPES

This quality electrical tape is used to cover and insulate a broad range of cables / wires and other materials that conduct electricity. Our PVC Electrical Tapes have a high dielectric performance with excellent conformability and ageing properties.

Product Features	
Properties	PVC Insulation Material
Colour Variations	Electrical Colours
Available	Tape Rolls
Minimum Quantity	10
Size	18 MM X 20 M

This product is mainly suitable for electric purposes and other general applications around the home and in the workplace.

Description	Part Number
PVC Insulation Tape 18 MM X 20 M Black	ITBLA18
PVC Insulation Tape 18 MM X 20 M White	ITWH18
PVC Insulation Tape 18 MM X 20 M Green	ITGRE18
PVC Insulation Tape 18 MM X 20 M Red	ITRED18
PVC Insulation Tape 18 MM X 20 M Yellow	ITYEL18
PVC Insulation Tape 18 MM X 20 M Blue	ITBLUE18

Did you know?

There is a lot to consider when choosing your electrical tape. The features that should be considered are; high-grade tapes, different colours for different applications, tape stretch and the return to its original form, ease of use and reliability compliance.

ELECTRIC POLISHER

The extremely user friendly, variable speed polisher has an ergonomic D-Shape designed front handle and a long rear handle for a comfortable application process.

Product Features	
Properties	Electric Speed Polisher
Colour Variations	Blue
Weight	3.7 KG
Minimum Quantity	1
Disc Diameter	180 MM

Description	Part Number
Variable Speed Electric Polisher	AT3502

This product is suitable for the automotive, industrial and DIY markets.

HAND SANDING BLOCKS

High-quality hand sanding blocks that can be used with any abrasive that has grip attachments for hand sanding. This durable construction ensures excellent control over the sanding process. It is well suited to the requirements of ART body shops.

Product Features	
Properties	Plastic
Colour Variations	Red and Black
Available	200 MM or 400 MM Grip
Minimum Quantity	1
Size	70 MM X 200 MM / 70 MM X 400 MM

This product is mainly suitable for automotive and auto-body shops.

Description	Part Number
Sanding Block Red 70 MM X 200 MM Grip	SB001
Sanding Block Red 70 MM X 400 MM Grip	SB002

Did you know?

The secret to a perfect finish is to always finalise the job with hand sanding in order to remove the cross-grain scratches that power sanders leave behind.

BULLDOG ABRASIVES ECO TUNGSTEN CARBIDE BURS

Our Eco Range of Tungsten Carbide Burs are excellent for all types of industries. Sporting the well trusted Double-Cut, they provide the user with high stock removal, extended lifespan and precision cutting ability. Coming in at extremely competitive prices, these cutting tools are well suited for the African Market.

Product Features	
Properties	Tungsten Carbide Burs
Shank Diameter	6 MM
Cut	Double-Cut
Minimum Quantity	1

This product is suitable for electric and pneumatic variable speed die grinders.
