

CANVIK PLUS
 Easy-to-use high quality coil spring compressor

CANVIK PLUS is one of the most user-friendly coil spring compressors in the market.

The built-in clamp sleeve made from hard-wearing polyurethane makes it safe to clamp the spring compressor in a bench vice.

CANVIK PLUS TOOL CASE
 All-in-one

Sturdy and practical blow molded carry case with inserts designed to fit CANVIK PLUS perfectly. Everything you need in one place.

CANVIK PLUS tool case
 € 559

11.0006

Max Load
 1800 kg

The large user-friendly and ergonomic adjusting handle makes manual positioning of the jaws fast and easy

Safe clamping in the bench vice

Optional
 Safety wire for improved safety
 € 9.95
 11.0010

The unique safety torque key is specially developed to prevent overload and never previously seen

The design of CANVIK CENTER is very compact, making it possible to use the tool on cars with very small hole in the rear spring control arm down to ø30mm.

This makes it one of the only tools in the market capable of handling for instance VW Touran, Citroën C3, Skoda Octavia, and Peugeot 107.

Max Load
 1500 kg

MAXIMUM SAFETY

To obtain maximum safety and avoid accidents it is very important to use the right size jaws which fits the spring to be handled.

SUPPLEMENTARY JAWS

		To be used in pairs	
10.0010	Standard PLUS jaw with polyurethane insert covering spring diameters of 80-200 mm	x	€ 98.50 each
10.0008	Standard PLUS jaw with polyurethane insert covering spring diameters of 80-120 mm	x	€ 86.00 each
90.0010	Standard BASIC jaw covering spring diameters of 80-145 mm	x	€ 61.00 each
90.0020	Standard BASIC jaw covering spring diameters of 145-195 mm	x	€ 69.00 each
90.0050	Jaw covering spring diameters of 80-120 mm	x	€ 66.90 each
90.0060	Jaw covering conical and ball springs diameters of 80-145 mm	x*	€ 83.00 each

*Only ball springs

Special coil springs require special jaws

For special requirements we offer a wide range of additional jaws. An updated application car list is available on www.scangrip.com

SPECIAL JAWS

		To be used in pairs	
90.0025	"Counter clock" spring for NISSAN QUASQUAI and HONDA	x	€ 69.00 each
90.0070	For BMW E39, E46, Renault , Megane II and Toyota Avensis		€ 159.00 each
90.0075	Special jaw for selected BMW-F models, MINI and Opel Insignia B		€ 189.00 each
90.0080	For Mercedes C-class - 2008		€ 125.00 each
90.0085	Special jaw for Mercedes C-class (W204+205) and E-class (W207)		€ 175.00 each
90.0090	For Mercedes E-class and Renault Megane II		€ 119.00 each
90.0100	For Peugeot Break and Citroën C15 (pair)		€ 149.00 per pair
90.0110	McPherson shock absorber strut vice ø40-65mm		€ 299.00 each

JAWS FOR CANVIK CENTER

		To be used in pairs	
13.0001.15	For springs ø90-120mm	x	€ 73.40 each
13.0001.19	For springs ø120-140mm	x	€ 88.80 each

THE JAWS are easily changed, secured with strong bolts, and equipped with a lip locking the spring during compression in order to improve safety. The surface of the jaws is powder coated or with polyurethane supports in order to protect the springs.

Your guarantee for quality and safety

Dismantling of McPherson struts can be a dangerous operation. It involves extreme forces disengaging the spring and very serious accidents might occur if the right tool is not used with all recommended precautions.

During development and production of the CANVIK coil spring compressors safety is our highest priority and all products are designed to endure extremely high loads.

CANVIK coil spring compressors are carefully tested and manufactured under very strict quality control. Only the very best materials are used to ensure a robust, strong and efficient construction of the tool.

Risky operation - Maximum safety

In order to ensure maximum safety the CANVIK coil spring compressors are equipped with a safety pin to prevent overload.

An air ratchet can be used on the spindle. To avoid overload use max. 120 Nm.

The CANVIK CENTER is supplied with a unique safety torque key preventing overload when using an air ratchet.

The load capacity of the CANVIK coil spring compressors exceeds by far the typical requirements of any workshop. A CANVIK coil spring compressor will manage all tasks, ranging from SMART to BMW X5 - and more.

TÜV Approved Safety

All CANVIK coil spring compressors are TÜV approved to sustain even extremely high loads (4 times safety factor for all mechanical compressors). The TÜV certificate is the ultimate quality stamp for this kind of products and is acknowledged throughout the world as a guarantee for safety.

An economical solution - even in the long term

With the CANVIK coil spring compressors dismantling of springs and struts is both easier and faster and compared to using a traditional tool, they make the operation much faster giving a considerable saving in working hours.

Quality Tools Made in Denmark

CANVIK coil spring compressors are manufactured at our own production facilities in Denmark by skilled, dedicated personnel. We are therefore proud to mark our products with the quality stamp "Made in Denmark".

All prices are gross prices, VAT exclusive and subject to change without notice, errors and omissions excepted.

LARGEST MANUFACTURER IN EUROPE

Since 1906, SCANGRIP has been manufacturing hand tools of very high quality for the industrial and automotive sectors.

SCANGRIP is the largest manufacturer of high quality coil spring compressors in Europe.

CANVIK coil spring compressors are used by hundreds of thousands for decades and known through-out the world as high quality, specialized tools designed with the focus on safety and userfriendliness.

In the ongoing development, design and production of coil spring compressors, SCANGRIP takes advantage of more than 30 years' experience.

Today, the CANVIK products present a convincing and complete range of innovative tools and solutions for dismantling springs and struts on all cars with both McPherson, multilink/wishbone suspension.

Recently, SCANGRIP has established itself as Europe's leading manufacturer of work lights for professionals.

Financially, SCANGRIP is in a very stable and strong position and is triple A rated (AAA = Credit risk zero).

SCANGRIP's products are distributed through a worldwide network of professional tool importers, distributors and wholesale dealers.
