

I-VIEW

Rechargeable headlamp with sensor

I-VIEW is a powerful USB-C rechargeable LED headlamp designed for the professional user. As opposed to other headlamps providing a beam of light, I-VIEW is designed to provide optimum work light illuminating your entire work area.

When set on sensor mode, I-VIEW can easily be turned on/off by waving a hand in front of the lamp – also when wearing thick gloves. The headlamp is extremely lightweight with a modern and dynamic design, and the woven band is comfortable to wear throughout the entire day. Moreover, I-VIEW is equipped with a user-friendly battery indicator that provides convenient visibility of the remaining battery life.

Designed to perform consistently in tough work environments, I-VIEW is durable and resistant to water and dust (IP65). If you are working on projects for a longer period, you can extend the operating time with the optional power bank accessory.

Powered by a high efficiency multi-LED design of 12 LEDs, I-VIEW offers an adjustable light output up to 400 lumen. The OPTILight setting delivers the required illuminance (LUX) in a typical work situation, ensuring optimized light and runtime with a simple touch. This work light provides a constant lumen output performance measured according to the European standard EN 13032-1.

	I-VIEW
Product number	03.6212
Light source	High efficiency multi-LED design with 12 LEDs
Luminous flux, lumen	40-400
OPTILight setting	500 lux@0.5 m
Adjustable light output	3 levels
Beam angle	120°x 60°
CRI	Ra > 80
CCT	5700 K
Operating time max. / min. lumen, h	2/21
Operating time OPTILight, h	4
Charging time, h	4.5
Battery	3,7 V / 1400 mAh Li-ion
Verified no. of charging cycles	Min. 1000
Protection class	IP65
Rough service	Yes
Impact protection	IK07
Impact resistance	2 m
Cable	1 m USB-A to USB-C
Operating voltage AC	-
Charging voltage/current DC	5 V / 1 A
Power consumption	2,6 W
Charger incl.	No
Operating temperature	-10 to +40 °C
Dimensions	99 x 50 x 40 mm
Net weight	130 g

03.6212 I-VIEW

03.5626 I-VIEW

PRODUCT IMPROVEMENTS

- 20 % efficiency improvement
- 19 % recycled material
- OPTILight functionality
- Dedicated buttons for on/off and brightness levels
- Battery indicator
- Double temperature surveillance to protect the lamp and battery
- Min. 1000 charging cycles
- Rough service certified
- Warranty extended from 3 to 5 years
- New colour scheme

A pioneering approach that focuses on reinventing the design and functionality of LED work lights and optimizing energy efficiency to the utmost. With a focus on sustainability, traditional standards are rethought, and boundaries are pushed to extend the lifespan of lighting solutions.
