

TECHNICAL DATA SHEET

Product Name: TIRE & RUBBER CLEANER

Product Description:

A specially formulated solution to clean tires of discoloration and oxidized rubber trim components to leave a deep rich color. It will not cause your tires to turn brown.

Features:

- Helps remove harsh oxidation and built up grime from rubber.
- Helps restore tires to their dark, rich color.
- Ideal for use before applying your favorite dressing, tire shine, protectant or ceramic coating.
- Formulated for use on tires and rubber trim.

Application Process:

1. Shake well. For concentrated products, dilute the product in the prescribed proportion.
2. Spray Tire & Rubber Cleaner on a DRY tire surface and let foam and dwell for best results.
3. Scrub tire with wheel brush until all browning is removed.
4. Thoroughly rinse and wipe wheels and tires, ensuring all traces of the cleaner are removed.

TECHNICAL DATA SHEET

5. After the tire dries completely, apply tire shine, coating, or ceramic coating.

Notes:

- Keep away from eyes and mouth. If it comes into contact with eyes, rinse immediately with water for 15 minutes and seek medical attention.
- Keep out of reach of children.
- Store in a cool, well-ventilated environment. Avoid freezing and direct sunlight.
